Presents

## Project Management Essentials for Public Sector Leadership: Simple Tools, Strong Results

Wednesday, April 1, 2026

9 am - 12 pm

Project management in the public sector has been marked by a shift towards more structured and efficient management practices. This evolution is driven by the need to improve the delivery of public services, enhance project outcomes, and ensure effective resources. Join us for an upcoming, engaging, and practical seminar on Project Management Essentials for Public Sector Leadership: Simple Tools, Strong Results.

This session will feature panelists from the Department of Human Resources IT Project Management Office (PMO), Project Management Institute (PMI), and Internal Services Department (ISD).

Managers will be introduced to key project management concepts and approaches relevant to public sector leadership.

### Participants will:

- **Learn** - Project Management Fundamentals: What Every Public Project Manager Needs to Know

Management Office (PMO), he has overseen strategic technology projects and process improvement initiatives, including:

- Administrative Transition Services supporting the Protected Leave & Disability Management and Compliance teams within the Probation Department.
- Human Resources Power BI Dashboards (Daily HR and AB 2561) deliver actionable insights on hiring, turnover, demographics, position control, and workforce projections.
- Paid Family Leave (PFL) Pilot Program, enhancing employee access to income-protected family leave benefits.
- Generative AI Chatbot enables employees to easily obtain program information, contacts, and resources related to the PFL Pilot Program.
- PMO Project Portfolio Management Solution — an automated intake and tracking system standardizing project governance and providing real-time transparency for executives and stakeholders.

Before joining the County of Los Angeles, he held multiple leadership roles in the banking and financial technology industries, where he partnered with senior executives to align technology initiatives with organizational strategy.

He brings proven expertise in Waterfall and Agile methodologies, vendor management, and executive communications, consistently transforming complex objectives into measurable, successful outcomes.

He holds a Bachelor's degree in Business Administration from California State University, San Bernardino. He maintains professional certifications as a Project Management Professional (PMP) and Agile Certified Practitioner (PMI-ACP) through the Project Management Institute.

---

**Bahram Solhjoui, PE, PMP**  
**Principal Facilities Project Manager, Internal Services**  
**Department (ISD)**

***Bahram Solhjoui*** is a Principal Project Manager with Los Angeles County and a licensed Professional Electrical Engineer in the State of California. He has more than 17 years of experience in engineering, project management, and infrastructure program delivery across the public sector, utility organizations, and the private sector.

In his current role as Principal Project Manager with Los Angeles County's Internal Services Department, Bahram leads multidisciplinary teams responsible for coordinating the design and construction of numerous County facility projects simultaneously. His responsibilities include supervising project managers, overseeing project planning and scheduling, managing design and construction coordination, and ensuring projects are delivered efficiently while meeting organizational and stakeholder requirements.

Previously, Bahram served as a Project Manager for the City of Long Beach, where he managed complex capital improvement projects and citywide programs, including electric vehicle infrastructure, solar initiatives, and emergency response facilities. Earlier in his career, he worked as an Electrical engineer in both the utility and private sectors, developing expertise in electrical system design, SCADA systems, and infrastructure optimization.

In addition, Bahram has been a part-time faculty member at Long Beach City College since 2017, where he teaches courses in Electrical and Technology Department.

Bahram holds a Master of Science in Electrical Engineering from California State University, Los Angeles, and has been certified Project Management Professional (PMP) since November 2018.

---

**David Doan, PhD, MBA, RN, BCMAS, PMC-II, PMP, CSM, CSPO**  
**Project Management Institute (PMI)**

*David C. Doan* is a healthcare executive with over 30+ years as a registered nurse and 20+ years leading complex initiatives across healthcare, technology, and the public sector. As Director, Consult Partner at Kyndryl, he partners with executives to drive transformation in matrixed environments where influence matters more than authority.

David previously served as President of Project Management Institute - Los Angeles Chapter (PMI-LA) and Co-Chair for the Asian & Pacific Islander Caucus for Health (APIC), which is part of the American Public Health Association (APHA). As a first-generation Asian American and advocate for health equity, mental health, and DEI, he brings both professional expertise and lived experience to stakeholder engagement and inclusive leadership. David holds a PhD in Health Services, MBA, and multiple certifications including PMP, CSM, and CSPO. His passion is helping public sector leaders drive results through

effective communication, coalition building, and transparent accountability.
